### 8.2. Exposure controls

**Respiratory** Use of NIOSH approved dust masks is recommended

**Eyes** Protective safety glasses recommended

**Skin** Protective gloves (e.g. latex or nitrile) recommended.

**Engineering Controls** Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

**Other Work Practices** Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.
