

These drawings show typical conditions in which the Armstrong product depicted is installed. They are not a substitute for an architect or engineer's plan and do not indicate the unique requirements of local building codes, laws, ordinances, regulations, rules and regulations (local Requirements) but may be applicable for a particular installation.

Armstrong does not warrant, and assumes no liability for the accuracy or completeness of the drawings for a particular installation or Sub-System for a particular project. The user is advised to consult with a duly licensed architect or engineer in the particular field of the installation to ensure compliance with all local Requirements.

Armstrong is not licensed to provide professional installation or engineering design services.
