

**GENERAL NOTES FOR STANDARD CEILING SYSTEMS:**

- INSTALL PER ASTM C636
- CONSULT YOUR LOCAL BUILDING CODE FOR ADDITIONAL REQUIREMENTS OUTSIDE OF THE ARMSTRONG INSTALLATION INSTRUCTIONS. THIS INCLUDES BUT IS NOT LIMITED TO BRACING OF TRANSOMS, AND ADDITIONAL SEISMIC REQUIREMENTS.
- FIELD VERIFY ALL CONDITIONS AND DIMENSIONS.

These drawings show typical conditions in which the Armstrong product depicted is installed. They are not a substitute for an architect or engineer's plan and do not indicate the design requirements of local building codes, laws, ordinances, rules and regulations (local requirements) that may be applicable for a particular installation.

Armstrong does not warrant, and assumes no liability for the accuracy or completeness of the drawings for a particular installation or Sub-System for a particular project. The user is advised to consult with a duly licensed architect or engineer in the particular fields of the installation to ensure compliance with all local requirements.

Armstrong is not licensed to provide professional architectural or engineering design services.
